

FOR IMMEDIATE RELEASE:

Las Vegas/Henderson, NV – Advanced Urgent Care Receives Certified Urgent Care Designation from the Urgent Care Association of America

Advanced Urgent Care, located in Las Vegas/Henderson, NV, is the first, and only, urgent care facility in Nevada to receive the Certified Urgent Care designation, which distinguishes it as a true urgent care center. The clinic provides patients with walk-in, extended-hour medical attention with licensed providers for a large scope of medical conditions and has met all of the Urgent Care Association of America's established criteria.

The health care environment is changing and it is becoming more and more important for patients to understand their treatment options.

Urgent care is a convenient and viable option for medical conditions that cannot wait for a scheduled appointment with a primary care physician. Advanced Urgent Care accepts unscheduled, walk-in patients during all hours of operation.

When a medical condition cannot be handled by a patient's regular doctor – such as unexpected cuts, burns, sprains or fractures that do not require a visit to the emergency department, Advanced Urgent Care is equipped with x-ray, laboratory services and a licensed provider always available to perform minor procedures like suturing and splinting.

Urgent care fills the gap between primary care and hospital emergency rooms, offering increased convenience and cost savings.

With its certification, Advanced Urgent Care and the Urgent Care Association of America demonstrate their commitment toward providing patients with access to appropriate levels of care.

About Advanced Urgent Care:

Advanced Urgent Care opened its doors on November 1, 2004 when its owners, Dr. Craig Jorgenson and Dr. Govind Koka, acknowledged the medical needs of a rapidly growing population. Advanced Urgent Care opened with the idea of being able to provide immediate care to patients who were caught somewhere in the void between their primary care providers and the hospital emergency departments.

Located in the Lowe's shopping plaza at the intersection of St. Rose Parkway and South Eastern Avenue, Advanced Urgent Care provides medical services to more than 25,000 patients annually. Staffed with medical assistants, EMTs, paramedics, nurse practitioners, physician assistants, and physicians, Advanced Urgent Care provides a wide range of services including physical examinations, laceration repairs, splinting, IV therapy, digital x-ray, ultrasound, and many others.

Advanced Urgent Care is open seven days per week with hours as follows: Monday thru Friday, 8AM-9PM, and weekends, 9AM-4PM. Most insurances are accepted including

HPN/Sierra, United HealthCare, Cigna, Aetna, Blue Cross, Culinary, Teachers, and many others.
